

Dear Grandma,

Mama & daddy just called and told me about grandpa. I wish I could be there. Because I can't - I wanted to write and let you know we'll be thinking about you. Of course, you can get some comfort from realizing that grandpa was in a sound state.

I have many precious memories of staying with you and grandpa when Kent & I were young. Although I don't say it often - I love you!

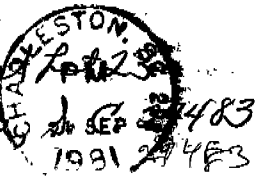

Keith is so cute. He's pulling up to things now. We had to lower his crib mattress or else he would have stood up and gone over the side. He jabbles a lot - saying "dadada", "mamamama", "gaga", although he doesn't know yet that these sounds mean something.

Mary's baby is due the end of October. She's really looking pregnant now! Bye for now. My prayers are with you. Love, Kathy, Kenny, & Keith
